# SIMULATIONiQ™
Virtual OSCE

Fully virtual OSCE simulation—anywhere, anytime

Unable to train within your institution's brick and mortar clinical skills or simulation center? Conduct cased-based simulated training scenarios online with **SIMULATIONiQ Virtual OSCE**, supporting your requirements for delivering FERPA-ready, live video and telemedicine OSCE encounters on-demand. SIMULATIONiQ Virtual OSCE provides the ideal cloud-based platform to conduct high-impact standardized patient (SP) encounters in a fully virtual, video-enabled environment to meet your immediate clinical training needs.

Seamlessly deploy your own cases, or leverage our library of OSCE-ready cases. Provide your own SPs, or take advantage of our SP Sourcing and SP Training services. SIMULATIONiQ Virtual OSCE facilitates core learning for clinical decision making in remote training environments, as well as the critical need to practice shifting clinical treatment into telemedicine formats.
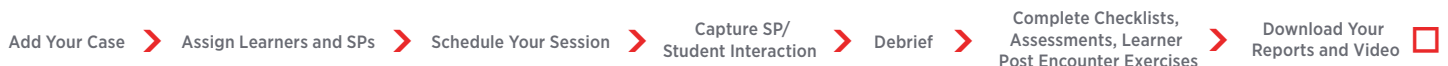

KEY BENEFITS FOR INSTITUTIONS:

- Live, virtual OSCE encounters
- Live learner and SP interaction delivered via video-teleconferencing and recorded for debrief
- Intuitive interface for live or recorded session review
- Complete checklists and learner performance assessments
- Robust reporting exported to your preferred format (MS Excel/PDF)
- Seamless video export for offline and archival use (MP4 format)
- Pay as you go pricing model

SIMULATIONIQ VIRTUAL OSCE ENABLES:

- Run virtual OSCEs from anywhere
- Keep your clinical education program on track during COVID-19 related closures
- Enjoy short-term, encounter-based pricing – only pay for what you need
- Easy to use cloud-based learning management platform
- Utilize your own SPs or leverage our SP Sourcing and SP Training services
- Seamlessly deploy your own customized cases specific to your program and facility requirements
- Full reporting, including checklists and student performance
- Debrief and review clinical decision making
- Full access to pre and post-encounter materials for your SPs and students
- Receive a copy of all encounter videos (MP4 format)

Virtual OSCE Workflow

Add Your Case ❯ Assign Learners and SPs ❯ Schedule Your Session ❯ Capture SP/ Student Interaction ❯ Debrief ❯ Complete Checklists, Assessments, Learner Post Encounter Exercises ❯ Download Your Reports and Video

Smarter Simulation. Better Outcomes.™
